A Note From Dani

Over the past several years, our footprint has expanded significantly, deepening our impact across Dane County and throughout Wisconsin. We know this growth requires stability. In an era where access to care and community can never be taken for granted, we must anchor our services for the long haul. That is why I am thrilled to share some monumental news: Chrysalis is in the process of purchasing our very first building.

This move is more than just a change of address; it is an investment in our sustainability and accessibility. As we take this historic step, we invite our community partners to stand with us. Whether through advocacy, partnership, or financial support, your involvement will help ensure this new home becomes a place of wellness and belonging for our community.

Thank You,
Dani Rischall
Executive Director

"Chrysalis inspires me to do more for myself. I appreciate Chrysalis for giving me the strength to push through on my own and giving me the experience to go out and get a job, to want to work, and do things for myself."

**Relationships and purpose
are core to all we do.**

Your support makes a huge difference in supporting wellness and recovery. Donations can be mailed or made online by visiting www.workwithchrysalis.org.

A place to come, a place to return

Chrysalis is rooted in the Clubhouse Model; we move beyond labels like "patient" or "client." Here, you are part of our community, built on mutual support, skill-building, and shared experience.

Peer Support

Peer Specialists use their lived experience with mental health and substance use to support others in reaching their goals. Peers focus on connection and a strength-based perspective.

Supported Employment

Using the Individual Placement and Support (IPS) model, Chrysalis helps individuals find competitive community jobs that match their interests. We believe that with the right support, everyone is capable of working.
